2	Langsa	2680	Kuala Langsa Village
3	Aceh Utara District	50020	21 points location
4	Aceh Timur District	13600	23 points location
	Total	108083	-

The Impact on Health Service and Health related facilities.

- Siti Fakinah Hospital is starting to be functional. It is expected that patients can be received by 31 December 2004.

Follow up activities encountered as part of the emergency preparedness and response.

Government

- The main focus at the moment is burial of the dead bodies. The TNI reported that it will send 600-800 personnel to assist in the burial process.
- The central government is taking over the governance in Aceh. The Ministry of Interior has prepared 300 persons to fill the positions in Aceh.

MOH

- Coordination meeting in Jakarta chaired by Minister of Health.
- Established Field hospital in several areas:

No.	Place	Field Hospital	Supporting Team
1	Banda Aceh	Singapore and Australia Field Hospital	Singapore and Australia medical Team
2	Banda Aceh	Blang Bintang Airport	DKI Jakarta health team
3	Banda Aceh	District Military Health Team	TNI/ Police, team from Jakarta, (Dr. Aryono), Team

			from Makassar (Dr. Idrus), Team from Univ. North Sumatra
4	Sigli	Military Field Hospital	TNI medical team
5	Meulaboh	Military Field Hospital	TNI medical team
6	Aceh Timur (East Aceh)		South Sumatra Medical Team

WHO Indonesia

- 3 staffs (1 international and 2 national staffs) had arrived in Banda Aceh on 30 December 2004, 21.30 hrs after stuck in Medan Airport since morning.
 - Staff members: Dr Vijay, Dr Asri Amin, and Dr Marlinggom
- 31 December 2004, 08.00 hrs the team in Banda Aceh had the meeting with UNICEF and IOM in IOM office in Banda Aceh, and continued with government coordination meeting in Governors office.
- WHO in coordination with MoH will be deploying a mental health team to conduct the assessment in Aceh by next week.
- Medical supplies (antibiotics, paracetamol, emergency medicines, IV sets, masks) worth more than Rp. 31,629,026 have been shipped to Banda Aceh through the Singaporean aircraft
- Arrival of staff support from other WHO offices:
 - Dr Arturo Pesigan, EHA, WPRO
 - Mr Nicolas Daher and Mr Michael Tolmaszek, logistics, HQ
- Additional staff support expected
 - Dr Sawat Ramaboot, MNH, SEARO
 - Mr Peter Koopmans, FSO, SEARO

International Assistance

1. WHO has coordinated with the government of Singapore for the provision of logistics support. Today, Singapore provided a plane to bring an ambulance, medical supplies, and 29 medical personnel from the MOH to Banda Aceh.
2. The government of the United States will send 11 helicopters to assist distribution of the relief materials and for evacuation.

Constraints

- Tons of medical supplies and food supplies had piled up in the airport in Banda Aceh and Medan. Distribution of logistic was delayed due to lack of transportation. Most of the cars in Banda Aceh were damaged. There is also the lack of fuel for the vehicles.
- The heavy traffic in the airport had cause delays in landing of airplanes.
- Loading time of logistic support (eg, supplies) caused delays in the commercial flights.
- Erratic availability of communication transmission cause difficulties to get the updated reports.
- The area such as Meulaboh which 90% of the city were swept away still un-accessible due to the damage of the bridges and roads, which caused a delayed evacuation and rescue

Needs

- Need for air transportation to bring health personnel and health materials/supplies to Banda Aceh. Request is for availability of daily air transport to Banda Aceh and for land vehicles for transport from Banda Aceh to the districts.
- Doctors, dentists, nurses and others to reactivate the daily work of Dinas Kesehatan since there are only Head of Dinas Kesehatan and 1 head of section left
- The Field hospital established by Jakarta Health Team had treated 200 patient on the first day, and 20 patients as inpatient, but they have only 9 velbeds, so there is a need for more velbeds.
- Antibiotics (IV), oxygen, masks, gloves, body bags, radio communication sets
- Additional doctors, nurses, volunteers, and cooks
